## Classes

### General Information

A variety of educational opportunities are available at HeartPath on topics related to those presented on this website, including practitioner and teacher certification classes in most of the energy healing systems (see below); working with angels, nutritional therapy; stress reduction and relaxation using the Freeze Framer® Learning Program; and the like.

Note that most of the classes for Integrated Energy Therapy provide CEU credits for massage therapists.

Please refer to the calendar for a schedule of classes. However, please note that although classes are often scheduled to accommodate groups, I also schedule classes individually; so if you do not see a class that you want to take on the schedule, please phone or email to let me know of your interest. It is likely that we will be able to work something out at a mutually convenient date and time.

### Energy Healing Workshops

Learning opportunities are available for individuals who wish to become certified practitioners and teachers of several energy healing modalities. During these classes, you are opened to channel the universal healing energy for a lifetime through an attunement and initiation process. Certain of these systems include sacred symbols that focus the universal energies in specific ways for healing purposes. Various techniques are taught depending on the system.

When attuned as a teacher, you are fully empowered to work with the given energy healing system and will be taught how to pass the energy to others, including guidance in teaching methods. Complete support is offered to assist you in gaining confidence both as a practitioner and master teacher. Classes are scheduled on a regular basis across the country. The modalities include:

"Emotions are the next frontier to be understood and conquered. To manage our emotions is not to drug them or suppress them, but to understand them so that we can intelligently direct our emotional energies and intentions...It's time for human beings to grow up emotionally, to mature into emotionally managed and responsible citizens. No magic pill will do it."

## Speaking Engagements

I am available for speaking engagements in the community. Please let me know if you might wish for me to give a talk to your group.

## Sponsoring a Workshop

Oftentimes, classes get created because someone asks for the class! If you want me to teach a class in your area, please contact me and we can discuss what you have in mind, including the requirements for creating such a workshop and what this entails.

## Travel

I would love for you to come to Olympia where this is possible. More information about traveling to Olympia is provided under [Contact HeartPath](#).

I am also available for travel and would be happy to discuss such arrangements with you.
